JOINT PRESS RELEASE

Charity Dinner in support of St. Spyridon Special School

A Charity Gala Dinner was successfully held at the “Diner Onair” restaurant at Larnaka International Airport, as part of the annual effort to support the mission and social work of the St. Spyridon Special School in Larnaka for children with special abilities. The dinner was organised by Cyprus Airports (F & B), on 27th February 2016, along with its partners Hermes Airports and CTC-ARI.

The event included a buffet with culinary creations and live music. The music program was curated by Katy Economidou - who is a soprano of the Cyprus Operatic Stage. She was accompanied by violinist Marios Pavlou, pianist Agnes Sakkas, guitarist Dimitris Panagos and the singer Alberto Mendez. The surprise act of the evening was Greek Grammy Nominee Demetra George, who excels in Los Angeles in major musicals. She arranged her trip to the island in order to attend and participate in the musical part of the evening. The star of the night was young Nefeli, a student of the Saint Spyridon Special School, who captivated the attendees with her wonderful voice.

The proceeds from the charity event have gone entirely towards the support of the St. Spyridon Special School. The total amount raised exceeded €7,000 and therein included additional revenues which were collected through lottery sales and prize draws offered by various companies, in support of this effort.

The management of the company Cyprus Airports (F & B) wishes to express their warm thanks to all the sponsors, the gift sponsors, and the company's staff who worked hard to organise the charity event.
